About us

OUR STRATEGY

Aarya Solar has established itself as one of the most reliable and fastest growing supplier of renewable energy products and services in India. Aarya Solar closely works with the reputable manufacturers in bringing you high quality renewable products alongside technical expertise and outstanding customer service.

OUR STRENGTH

Reliability

We have established relationships with key suppliers and this ensures our supply and delivery is second to none

Expertise

We know for Solar Panel cleaning gun manufacture, end of story. We've been around for year and if it's solar, then we know about it.

Process Oriented

Our experience ensures we can project manage a job from end to end and be 100% on top of it al every point.

Affordability

We pass on the benefits of our direct supplier relationships to our customers through our honest pricing.

Technical Support

Our engineers work to develop on exceptional product offering as well as providing service support and technical assistance where needed.

Energize your life with solar.

Make Solar Panel Cleaning Easier Than Ever!

Technical Details

Brand	Aarya Solar Cleaning Gun
Power Source:	Wireless rechargeable battery
Battery Performance:	Clean 4-5 kW solar panels 5-6 times on a single charge
Water Pressure Range:	Powerful reach of 5-7 meters
Battery Usage Time:	45-50 minutes of uninterrupted cleaning
Pressure:	40 bar for efficient cleaning
Weight:	Gun Lightweight (0.490 kg) and Kit just 1.9 kg for easy handling
Warranty:	1-Year warranty for peace of mind (No warranty on Physical damage or water damage)
Additional Uses:	Perfect for cleaning solar panels, cars, AC units, and more!

SWITCH WATER TYPE

Different water types to meet different car washing needs

High Pressure Direct: Wash stubborn stains

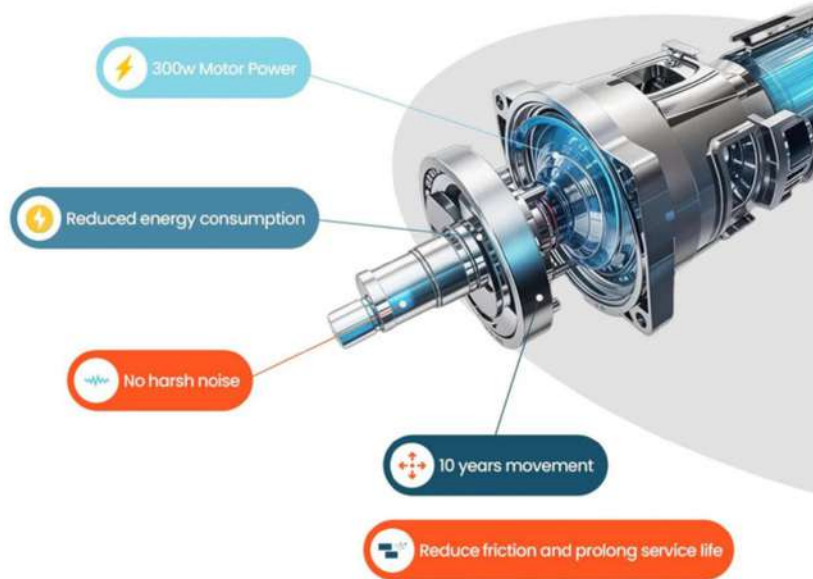

Direct Sector: Large area flushing

Foam Pot Spray: For large pesticides

POWERFUL BRUSHLESS MOTOR

Equivalent to 4.4 times of faucet pressure, with a range of 6-8m and no pressure

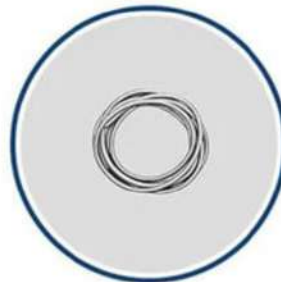

PACKAGE INCLUDES

Extension Rod

Water Inlet Filter

Inlet Pipe

Water Connection

40° Water Outlet

0° Water Outlet

0° Water Outlet

UL Charger

HOW TO USE

- 1** Pull down the outer ring of the quick connector.

- 2** After inserting, release your hand to jam the interface.

- 3** Complete the installation of the water inlet pipe.

- 4** Install Extension Rod.

- 5** Install 0°/40° nozzle. Pull down the outer ring than install nozzle.

- 6** Install the Lithium Battery.

Balance of system (BOS)

DCDB

Ambient Temperature	- 10°C to 60°C
Type of Enclosure	IP65 Poly Carbonate/ABS Material
DC Switching	600/1000/1500Vdc Disconnecter
Inputs / Outputs	1 in 1out, 2in 2out, 3in 3out, 4in 4out
Surge Protection Device	DC SPD Type 2
Box / Top Cover	Transparent

ACDB

Ambient Temperature	- 10°C to 60 °C
Type of Enclosure	IP65 Poly Carbonate/ABS Material
AC Switching	MCB /MCCB Based AC Disconnecter
Inputs / Outputs	1 Phase ACDB, 3 Phase ACDB
Surge Protection Device	AC SPD
Box / Top Cover	Transparent

DC Solar Cables

MC4/Branch Connector

Inverter Future

2.2 KW TO 10KW SOLAR INVERTER

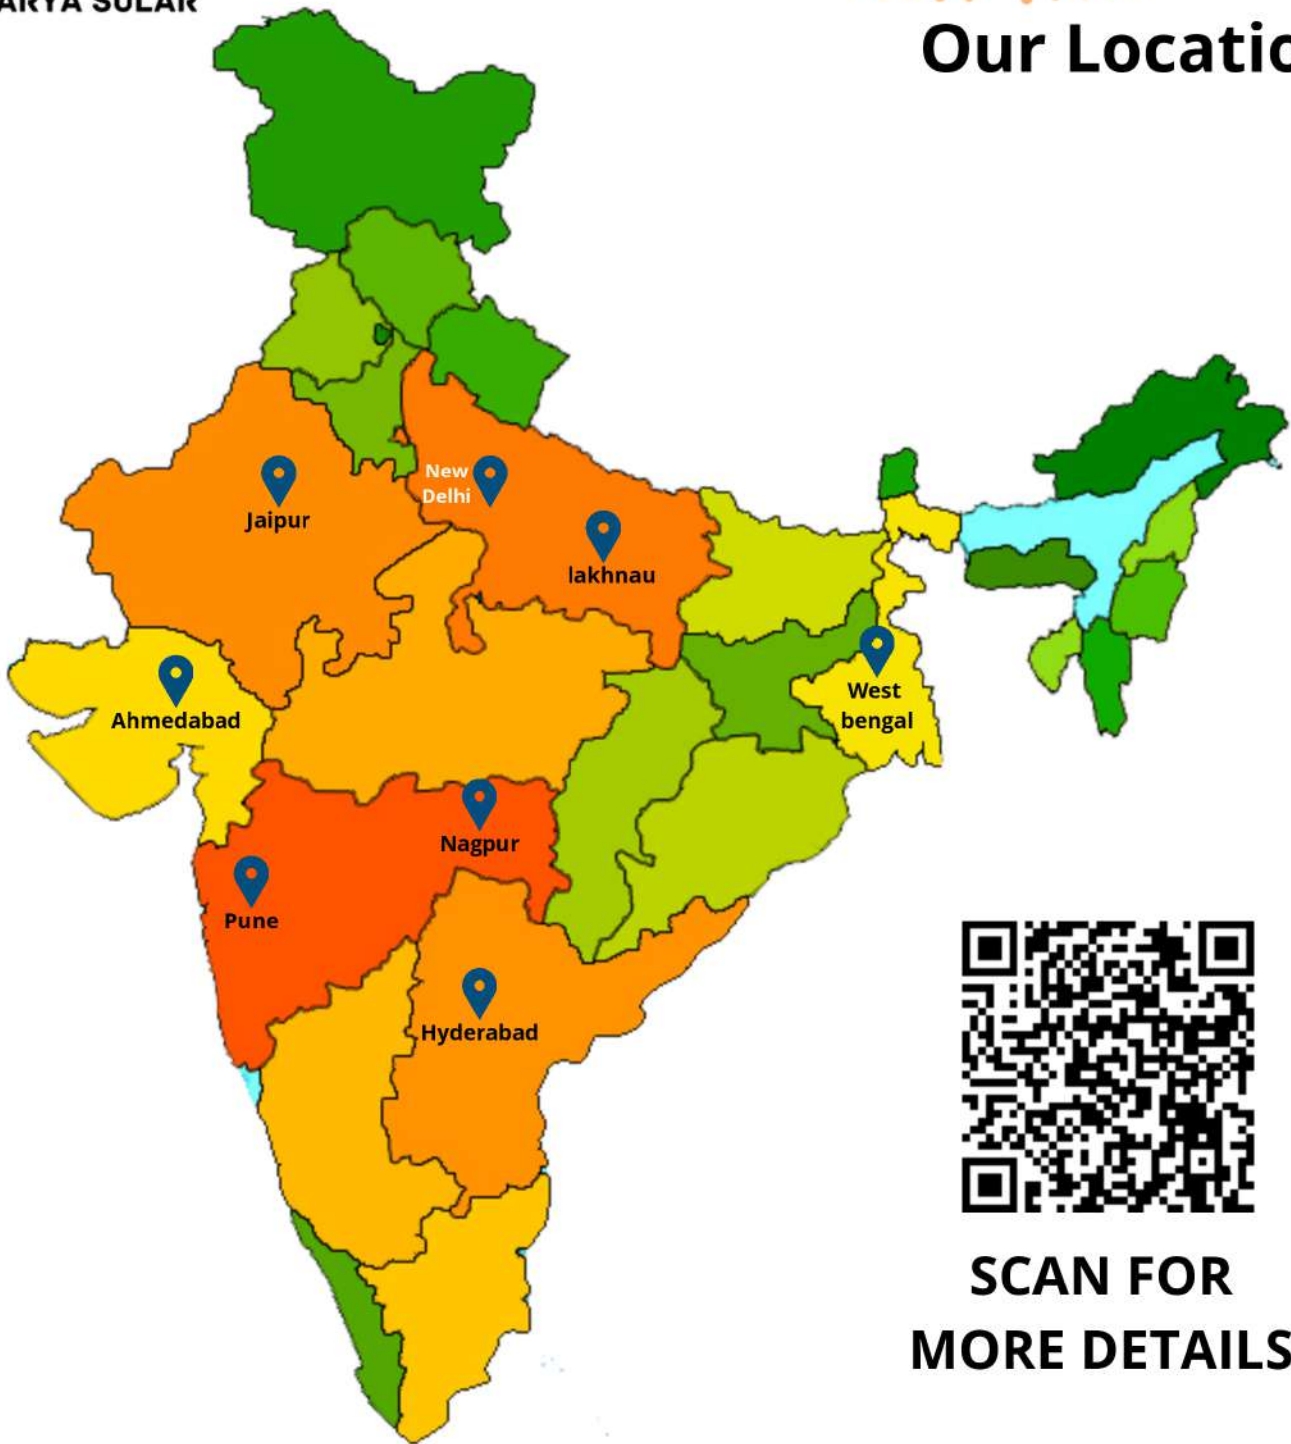

- Maximum DC Input Voltage 1000Vdc & 1500Vdc
- Over 99.0% Max. Efficiency
- Fuse Free Design
- Surge Arresters for DC & AC
- IP66 Protection Degree ,Visually pleasing for domestic environment
- Multiple protection levels
- 4G GSM/Wifi (optional) Interface
- High frequency switching technology - Smaller, Smarter
- 8 Years Standard Warranty

Energize your life with solar.
